The Grootvadersbosch Conservancy was established in 1992 and represents private landowners working together for conservation.

The Grootvadersbosch Conservancy lies next to the Grootvadersbosch Nature Reserve and the Boomsmansbos Wilderness area.

The conservancy is a non-profit trust and relies on donations, membership contributions and grants to implement social and environmental projects in the Grootvadersbosch valley. The conservancy employs over 120 people in environmental and trail building projects.

This trail network was funded by the Table Mountain Fund to showcase the biodiversity across the landscape, working with multiple partners to support conservation activities. The trails include over 150km of single track and jeep track that traverse indigenous forest, mountain fynbos, renosterveld and productive farmland.

The trails were built by beasts* and pimped by man.**

Respect the trail builders, follow the rules, ride safe & have fun!

*Mainly cow, sheep, bushbuck and the occasional leopard

**People who live and work here and love riding bikes

LIABILITY:

The Grootvadersbosch Conservancy Trust Board, partner organizations, funders, landowners and/or its employees and/or agents and/or its successors in title shall not be liable for any damage, loss, theft, injury, accident or death suffered by any person, howsoever caused. Right of Admission Reserved. Ride at own risk.

TRAIL RULES:

No picking flowers. No fires. No smoking. No camping. No littering. No picnicking. No swimming. No pets. No helmet, no ride. Please stay on the marked routes. We promise they are the coolest. Please close any fences that you open (but you are probably lost if there is no fence bridge). Approach animals with caution. Please be extra careful when approaching sheep as they can easily injure themselves if startled. Ride all fence bridges at your own risk. Walk them if you are unsure.
